Thanks for forwarding a copy of the Directorate of Intelligence Research Program for 1983. It is a most comprehensive exposition of your research program providing us with a clear insight into your analytical efforts. I believe the entire activity is very much on target. I understand copies have been forwarded to the Office of Training and Education, and I have requested two additional copies be forwarded to the Office of Data Processing, the two Directorate of Administration components which receive the most direct impact of your activities.
